

The Voice - Call for Submissions

About the Magazine

The Voice is an online magazine distributed to CCO members and affiliates featuring articles from experts on key topics impacting the career college sector and shared best practices.

As a free supplementary resource to career college owners and staff, The Voice adheres to an editorial calendar that closely reflects the themes of the association's workshops and training sessions. Although this means we cannot offer a strict publishing date for each issue, we can ensure that the magazine reflects the diverse perspectives and issues of the sector.

Submission Guidelines
